

## Profile

**Objective:** A thoughtful and talented Architect and designer, Bridget is the President of Brink Design. With over a decade of experience working on projects of all scales including commercial, high end retail, hospitals, higher education, K-12 schools, STEM schools, and international airports, she has honed her skills as an Architect and Project Manager to create efficient, well designed buildings. During her career she has also developed considerable expertise in leading projects, including managing major projects at Hartsfield-Jackson International Airport (HJAIA). Given her diverse background, Bridget has experience working with clients and organizations of all sizes and will use that expertise to help steer your project to success.
